Summary

I'm someone who loves working with React & Next.js to create cool and interactive websites. While I'm now focused on front-end development, I'm also interested in backend technologies. I enjoy learning new tech stuff and I'm always excited to jump into new projects and make them awesome.

Expertise I possess.

- ❖ HTML
- ❖ CSS
- ❖ JavaScript & TypeScript
- ❖ React & Next JS
- ❖ Tailwind & Bootstrap
- ❖ Express JS
- ❖ NoSQL(MongoDB)

Projects

Ecommerce Site

[Watch](#)

- I utilized data from my self-made API.
- Developed with React with TSX, Bootstrap, RTK & Express JS.

Chat App

[Watch](#)

- (WIP)
- Developing with Next with TSX, Tailwind, & Express JS.
